2018 Camp Descriptions

Please keep this portion for your records

June 18-22	Cooking Camp Ms. Josephine	Join us for some delicious & nutritious cooking. Your children will learn how to mix, pour & chop their way to healthy eating. They will discover new & exciting ways to experience food.
June 25-29	Art (steAm) Camp Ray Cook	We put the art in the STEAM experience. Tap into your child's natural ability to create. Paint like Pollock, sculpt like Michelangelo or stipple like Seurat. Your child will be free to experience the joy of creating their own masterpieces.
July 9-13	Farm Camp Ms. Lyndsay	Start seeds, watch them germinate, see how they grow and where our food comes from. Feed some chickens and maybe even groom a horse!
July 16-20	Prehistoric Camp Ms. Lyndsay	Go on a dig to discover dinosaur bones, teeth or maybe even a footprint. Let your child imagine what their own dinosaur would look like, feel like, what they would eat or what they would sound like. Pitch a tent and be a 'daytime' archeologist.
July 23-27	Games & Sports Camps Ms. Josephine	Games, games & more! From traditional board games and favorite summer sports to creating our own games, this camp will focus on teamwork, strategy, & sportsmanship while having fun.
Aug 13-17	Planes, Trains & Automobiles (STeam) Ms. Lyndsay	We will focus on how people use these vehicles. How & what makes them run, then we'll work on making our own matchbox race cars. All with a bit of physics thrown in!
Aug 20-24	Water, Water Everywhere Ms. Josephine	What better way to spend a week, learning how much fun water can be? How it travels, spouts or freezes...And then of course how much fun it feels coming out of a sprinkler.

Camps run M-F 9:05-1:00pm

Please pack a nut free snack & lunch for your child
